

# ENTERPRISE SECURITY FOR ALL

Abacode is fundamentally unique in that we address risk from a business strategy first and cyber-technologies second. This methodology ensures your technical (and non-technical) leadership are able to make strategic operations and financial decisions that positively impact the entire organization.

## ADVANCED CYBER-THREAT SERVICES

- **Vulnerability Assessments**
- **Penetration Testing (Pen Test)**
- **Managed Threat Detection & Response:**  
24/7/365 - includes SIEM Software & SOC
- **Virtual Security Operations Center (vSOC) as-a-service**
- **Corporate Governance & Compliancy:**  
Policy & Procedure Development
- **Employee Cyber-Awareness Training:**  
Computer-Based Training (CBT) Programs with Continuous Phishing
- **Digital Forensics & Remediation:**  
Incident Response & Investigations

## RISK MANAGEMENT & REGULATORY COMPLIANCE

Abacode helps solve your regulation and compliance issues:

- DFARS
- FERPA
- FISMA
- GDPR
- GLBA
- HIPAA
- HITRUST
- ISO 27001
- NIST
- NY DFS
- PCI DSS
- SOC 1 (Types 1 & 2)
- SOC 2 (Types 1 & 2)
- SSAE (16 & 18)

## ACCREDITATIONS & COMMUNITY SERVICE

## FULL-SCOPE

- **On The Cutting Edge** – Cyber R&D labs allow Abacode to outpace competition and emerging threats
- **Thought Leadership** – Business and technical teams with extensive industry experience (CISSP, CEH, CISA, OSCP, GCIH, GPEN, CSA, CompTIA+)
- **Full Scope** – One consolidated source for all cybersecurity products & services. Cybersecurity is all we do.

**THE OFFICIAL  
CYBERSECURITY FIRM OF  
THE TAMPA BAY LIGHTNING**

Your one stop shop for resolving compliance, cost control, and complexity.
